

The mission of the Humanists of Greater Portland is to create a thriving local community that promotes and acts upon the ideals of humanism. Since HGP's inception in 1998, our meetings have welcomed all. Because of COVID restrictions, HGP has been meeting over Zoom. That connection to our Sunday morning meetings is now available to the general public, and our community is now world-wide. Please use the link below to join the upcoming HGP Sunday morning meeting, regularly scheduled each week at 10am Pacific Standard Time.

Topic: HGP Sunday Program - Elder Law and Estate Planning Basics  
Time: Apr 18, 2021 09:45 AM Pacific Time (US and Canada)

Presentation by Attorney Garvin Reiter about the legal aspects of aging. He focuses on such topics as paying for long-term care needs, Medicaid planning, and asset protection. He also discusses the important documents that everyone should have in place while growing old. Attorney Reiter has specialized in elder law for twenty years. He is a past member of the Executive Committee of the Elder Law Section of the Oregon State Bar

Zoom starts at 9:45AM for socializing, but meeting officially starts at 10AM to 11:30AM, after which there will be more time for socializing.

Feel free to share this zoom invite with friends and colleagues, but please don't share it to public web pages or posts. The public can find Zoom invites on the HGP website at <http://portlandhumanists>.

For first-timers:

WHEN YOU FIRST JOIN, both your microphone and camera will be muted ("dead"). You can unmute these using the two icons at the lower left of the window (on a PC or Mac), removing the red line, or on a tablet/ipad you may need to scroll to top to see these ("start video"). PLEASE LEAVE MICROPHONE MUTED DURING PRESENTATION EXCEPT WHEN ASKING QUESTIONS. Before or after the meeting, feel free to unmute and interact with fellow Humanists!

EVEN IF YOU ARE NEW TO ZOOM, don't be afraid to join. Check out these helpful outside links to a 2-page text and 8-minute video primer with probably all you'll need to know (no special accounts or passwords required):

Or, feel free to ask questions or request a practice session by responding to this message.

To change your view of the audience, you can toggle between Gallery View (as many audience members as will fit at once) or Speaker View (switching dynamically to the one person currently speaking). On most computers, this can be done using a small "View" menu at the top right. On a phone, it is handled by swiping left or right.

Welcome!
